

NEW TOOLS FOR MEETING THE HIGHEST STANDARDS

INTRODUCING THE NEW ENDOCRINE SOCIETY FELLOWS TRAINING SERIES (FTS)

YOUR TIME IS LIMITED and your fellows are depending on you. Our new online portal will help you supplement your current training curriculum and reinforce your commitment to high-quality physician training and excellent patient care.

Accessing the FTS

Institutional subscriptions will be available in the summer of 2016 and hosted on the Endocrine Society Center for Learning. A **basic** subscription includes the annual ESAP In-Training Exam (ESAP-ITE), reports on fellow and group performance, and new assessment tools in three endocrine procedures (Thyroid ultrasound, DEXA scan, and CGMS interpretation).

Choose a **premium** subscription and you will also have access to:

ADDITIONAL ESAP-ITE LEARNING MATERIALS

Post-exam access to ITE answer explanations, references, select video recordings and the ability to re-test at your own pace. A complete exam slide set will also be provided.

PITUITARY AND ADRENAL IMAGING

Ensure your fellows encounter the broadest range of endocrine images possible, curated from the Society's extensive image library and your colleagues' own teaching materials.

CLINICAL PRACTICE GUIDELINES

Help your fellows understand and integrate Endocrine Society's CPGs through a suite of support tools, including content developed specifically for fellowship training.

ENDOCRINE FELLOWS CONFERENCE CONTENT

Gain access to content derived from Endocrine Society's fellows' conferences, including the Osteoporosis and Metabolic Bone Disease, Type 1 Diabetes Care and Management and Pituitary workshops.

CLINICAL PRACTICE GUIDELINES

Help your fellows understand and integrate Endocrine Society's CPGs through a suite of support tools, including content developed specifically for fellowship training.

ENDOCRINE FELLOWS CONFERENCE CONTENT

Gain access to content derived from Endocrine Society's fellows' conferences, including the Osteoporosis and Metabolic Bone Disease, Type 1 Diabetes Care and Management and Pituitary workshops.

MEDICAL PROFESSIONALISM IN CLINICAL ENDOCRINOLOGY

Explore the professional responsibilities of clinical endocrinologists through 30 multiple-choice questions with answer explanations and references. Topics include integrity and accountability, fair and ethical stewardship of healthcare resources, and self-regulation.

ENDOCAREERS ONLINE

Provide your fellows with access to the Society's robust suite of career development content, including full workshop recordings from the Career Development Workshops and the Early Career Forum.

Pricing

Access to the FTS is available as an annual institutional subscription and costs are based on the size of your program. Programs can select either a Basic or Premium subscription and content will be available to all fellows, program directors and program coordinators.

BASIC SUBSCRIPTION:

\$125 per fellow annually

or

PREMIUM SUBSCRIPTION:

\$200 per fellow annually

Mutual Benefits Through the FTS

Content is available to you and your teaching colleagues to set assignments, to create instructional slide sets, and to monitor fellows' progress. Fellows have access to the portal to complete their work on their own time. You will also have immediate access to new content as it is developed and accessible through the portal.
